

## Forth Region Climbing Assessment – Information

### **Climbing (+Abseiling option) Natural Top Rope – Assessment**

- Date – as per booking information
- Cost: £20
- Venue: Benny Beg
- Places available: 6

This assessment is for those wishing to gain or renew a Climbing Natural Top Rope permit. This permit will allow holders to lead climbing on a natural wall/crag using natural or artificial anchors. The assessment has the option to include or exclude abseiling dependant on the candidate's preference. (Please ensure you indicate preference on application form.)

**Pre-requisites:** Have completed Climbing/Abseiling Natural Top Rope training course. Competent in respects of all aspects of the syllabus as appropriate to level and category of permit (Natural Top Rope [L]) - refer to attached assessment checklist.

**Equipment / What to bring:** All required equipment provided but candidates are welcome to bring their own PPE and belay device. Bring lunch snacks and recommend a hot flask. There is a cafe near the crag but not always guaranteed to be open. Dress appropriately for the weather. Most of the session will be spent not moving around much and it is easy to get cold so ensure sufficient warm layers even if the weather is kind. In the event of adverse weather it might be necessary to cancel the session at short notice. In such an instance a new date will be schedule as soon as practical and refunds given to anybody not able to make the new date. There is limited parking at Benny Beg so car sharing encouraged.

**How to register:** complete the permit application form and the medical declaration/information form and send both to [climbing@frscouts.org.uk](mailto:climbing@frscouts.org.uk) for review.

Queries should be directed to [climbing@frscouts.org.uk](mailto:climbing@frscouts.org.uk) in the first instance.
